

The Donald A. Rieck Research Grant

In Honor of Donald A. Rieck

In recognition and appreciation of his outstanding contributions to the Consortium of College and University Media Centers. Don served as Executive Director of CCUMC from 1990 – 2005, as well as the organization's Treasurer from 1987-1990. While serving in these leadership positions for nearly two decades, Don also enabled leadership of others in the organization and the profession.

Application for Research Grant

The Consortium of College and University Media Centers (CCUMC) is now accepting applications for the 2010 Research Grant. A research grant or grants will be awarded for up to \$2,000. CCUMC is comprised of over 300 organizations which provide media and technology support in institutions of higher education and corporate members from media related businesses.

Purpose:

To encourage the development of new knowledge and practices that will lead to increased accessibility to and utilization of educational media, equipment, or technology.

Criteria:

1. The submission must be from an undergraduate or graduate student, faculty, or staff person in a member organization of CCUMC. A list of the current membership is found on the reverse side of this flyer.
2. The research should be in progress or expected to be completed within 18 months of the submission of the proposal.
3. The CCUMC research grant can be used to fund the purchase of equipment or for providing salary replacement of the primary investigator.
4. Selection of the award recipient(s) will be made on the basis of how well the proposal study focuses on needs or opportunities related to the production, selection, collection development, information retrieval, utilization, distribution, or management of instructional media, equipment or technology. (Greater consideration will be given to studies with general application to the instructional technology field). Selection of the grant recipient(s) will be made by the Research Committee and approved at the summer meeting of the CCUMC Board of Directors.
Recipient(s) will be notified by August 31, 2010.

Responsibility of Grant Recipient:

Recipients of the Research Grant are expected to provide CCUMC a progress report within six months of receipt of the grant and a copy of the finished research within 18 months of the grant. In addition, recipients are encouraged to present the results of their research at a CCUMC conference.

Submitting Applications:

The application must include a one-to-two page description of the study, a proposed budget, and a resume of the investigator. The budget should be directly related to research. Additional information on proposal requirements can be found on the CCUMC web site (www.ccumc.org).

Applications must be received by May 1, 2010

Mail or fax the required materials to:
